

Erasmus Incoming students FAQs

➔ Before your mobility:

1. I have been nominated as Erasmus exchange student to your School, what should I do next?

As soon as we receive the nomination from your home university, the International Relations office of the relevant School at UNIFI will send you by email all the useful information and deadlines you must follow before leaving your home university.

For more information, please visit the [Incoming Erasmus Students page](#) of our website.

2. I have been nominated to spend a mobility period as an Erasmus exchange student: do I need an acceptance letter from the University of Florence before the departure?

It is not compulsory to receive a specific acceptance letter from the University of Florence stating that you have been accepted to study or to do a traineeship in our university, in many cases an email of acceptance is enough. In case your university needs a specific letter with the formal acceptance or if you are a non-EU citizenship and you need to apply for a visa, you need to inform the International Relations office of the School/department of UNIFI (please click [here](#) to find the contacts) when submitting all the required documents along with the application form, and you will get the needed acceptance letter once your application is complete.

3. Are there any language requirements?

Incoming exchange students must meet the following language requirements:

- Certified B1 level of Italian is mandatory to attend courses held in Italian;
- Certified B2 level of English is mandatory to attend courses held in English, when applicable.

The accepted certificates vary according to the School/department, please contact the relevant International Relations office to check with them which certificates are accepted.

Please note that in any case a knowledge of the Italian language at least at B1 level is strongly recommended, both at the University level and more generally for the everyday life.

4. If my home university does not have a bilateral agreement with your School may I be admitted as a free mover student?

In this case you are not under an Erasmus agreement. Hence, you have to apply as a free mover and pay the tuition fees for each elective individual course or single unit. Please check the relevant page on the university website at this [link](#) to have more information about these courses.

5. Accommodation

The University of Florence does not have any on-campus facility, which are provided by the regional government agency (DSU). In order to facilitate students in the search for a suitable accommodation, UNIFI has done some agreements with private lodging offering reduced rates for short or medium/long term stays. Please find more information in our website at this [link](#).

6. Where can I find practical information on the city of Florence and other useful information?

Please verify on our website the '[Welcome to UniFI](#)' dedicated page to check useful information about the city and your stay in Florence.

7. Which documents am I supposed to bring with me?

EU students have to bring a valid ID document, EHIC card for health assistance.

Non-EU students need a passport with valid entry visa for study purposes (D-Type), personal health insurance (strongly recommended)

➔ **During your mobility:**

1. Where should I go first when I arrive in Florence?

For general information on any matter related to arrival please contact our [Welcome office](#)

If you need assistance for any matter related to your chosen courses (i.e. Learning Agreement, Changes to the Learning Agreement, Certificate of arrival/stay etc.) please contact the International Relation Office of the School (click [here](#) to find the contacts).

2. Arrival Certificate

The Certificate of arrival will be issued upon your arrival only in UniFi format, no other form or declaration will be signed.

The International Relations Office of the School will send it to your home university by e-mail and in copy to you.

3. What should I do if I need to make some changes to my learning agreement?

All the changes to your Learning Agreement should be approved firstly by your home university Erasmus Coordinator, and only after his/her approval you may submit the new Learning Agreement to our Erasmus Coordinator approval through the International Relations office of the relevant UNIFI School/Department (click [here](#) to find the contacts).

4. Is the attendance of lessons compulsory?

Attendance of the courses in some courses is not compulsory but it is strongly recommended in order to better understand the courses' content, improve your relationships, join other students creating a study and social network and arrive less stressed at the final exam. In some courses, signatures are taken and attendance is compulsory.

5. What should I do if I need to make an extension of the mobility period?

You can apply for an extension of the Erasmus period generally within 30 days of the expected final date of your mobility (in any case before the official ending of your mobility period). You should firstly receive an authorization for the extension from your home university before submitting the request to the International Relation Office of the relevant School at the University of Florence. Please note that the Erasmus mobility cannot exceed the maximum length of 12 months as a general rule, and it cannot exceed the maximum length stated within the Inter-Institutional Agreement with your home university.

6. Should I apply for a residence permit?

If you are a European student, you are not supposed to apply for a residence permit.

If you are a non-EU student, you have to apply for a residence permit within 8 days from your entry in Italy.

7. How and where can I find information and/or support for the residence permit?

You can find assistance for the request/renewal of the residence permit through the dedicated information desk of the Municipality of Florence whose contacts and opening hours are available at the following direct link <https://sportelloimmigrazionefirenze.it/>. You can also ask for assistance to the Multicultural tutors of UNIFI.

8. Tax ID Code

The tax identification Code (*Codice fiscale*) identifies citizens in their interaction with the Italian Public Administration/Authorities. Foreigner students, even if temporarily residing in Italy, are required to have this Code for different purposes, as for example to obtain a residence permit, to register for the

National Health Service, to rent an apartment, to request a telephone line/mobile SIM card, to open a bank account, etc.

For more information you can visit the Revenue Agency [website](#) and download the relevant [AA4/8 Form](#) to be filled in, or contact the International Relations office of the School in order to receive all the directions and the translated AA4/8 Form so to speed up the procedure and send directly the documents to the Revenue Agency local offices in Florence. Again, UNIFI multicultural tutors can help.
